**DETAILED ACTION**

1. This communication is in response to Applicant's amendment filed on August 24, 2004. Claims 1-21 are pending. Applicant is respectfully requested to cancel the non-elected claims 1-16 in response to this office action. The rejections cited are as stated below:

***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 17-21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In particular, claim 17, it is unclear how a *remote clock module* determines a desired timing difference between a remote clock and an auction clock and controls operation of the remote clock to precede the clock at the declining price auction. Appropriate correction is required.
